

## PRODUCT DATA SHEET

### Meteorite Table

A family of lamps available in five different versions: table, table with stem, floor, wall/ceiling and suspension. Materials: blown glass diffuser; lamp body in technopolymer. Meteorite Stem Table 15 and 35 feature respectively a chromed aluminium and a steel stem. Specification: the diffuser is made of a double layer of artistic glass, obtained through a 'stampa a fermo' mould-blowing technique and then grinding.
