

Gregg Outdoor, suspension design Ludovica+Roberto Palomba 2013

FOSCARINI

A product of natural inspiration and extensive research, Gregg's shape is reminiscent of a large pebble, its surface polished by the water. It could even be seen as the egg of some mythological beast, a symbol of creation and re-birth. Made of polyethylene, a light-weight material that is also shock-resistant and weather-proof, Outdoor Gregg is available in the table and suspension versions, in three different sizes: medium, large and extra-large, to blend in seamlessly with any setting and create free compositions, in a game of different dimensions and heights.

Affording a multitude of possibilities, for a dual emotion: by day with an organic and pure shape, at night with a warm luminosity. Decorative and lighting at the same time, the Outdoor Gregg lamp is ideal for a host of different situations: a covered terrace, a garden gazebo or a patio, but also an outdoor living area, expressing a lifestyle in pursuit of a new, refined relationship between design, nature and architecture.

Gregg Outdoor, suspension technical info

FOSCARINI

Description

Suspension lamp with diffused light. Rotational moulded polyethylene diffuser with direct coupling for assembly onto the polyester powder coated zinc alloy base. Electrical cable covered in neoprene for outdoor use, without ceiling flange, equipped with an IP 65 terminal board and for the countries envisaged with a second Schucko plug CEE 7/7 IP44.

Materials: polyethylene and metal

Colours: white

Brightness
diffused light
